

Operation Christmas Hope

Operation Christmas Hope is our school service project. We are adopting two families that are in need. We are also doing a cookie collection for the Helping Hands of St. Louis. We are encouraging our students during the month of December to be giving to others who may need a little ray of hope during this Advent and Christmas season. Please help if you are able.

Helping Hands of St. Louis-All Students and Staff

The Helping Hands of St. Louis is in need of Christmas cookies for the baskets that they deliver to those in need at Christmas time. They are looking for cookies that are homemade or purchased at a store. **Cookies must be in one dozen (12 cookie) bundles. They must be packaged in airtight containers or bags (Ziploc). They may also be left in the original sealed packaging from the store. Cookies need to be delivered to the school on December 15 or 16 so they stay fresh until Christmas delivery.**
