

Most Blessed Sacrament Parents Association

The Most Blessed Sacrament Parents Association supports our Catholic School Community by sponsoring family-centered events for all to enjoy, and by fundraising in order to provide students and teachers with new resources and opportunities. We volunteer our time, energy and talents to nurture our children and support our teachers and staff. Together we promote the immediate and ultimate objectives of Catholic education, namely the development of the physical and spiritual, intellectual and moral, individual and social aspects of the children.
